

Graduation

by Perry Martin, Principal

“Graduation is only a concept. In real life, every day you graduate. Graduation is a process that goes on until the last day of your life. If you can grasp that, you’ll make a difference.”

Arie Pencovici

The Marist courtyard is a traditional place for graduation day photos with friends and family.

Many times we look at graduation as an end. The reality of graduation is the wonderful succession each day from one phase of life to another, because life is a daily series of progressions. What we will celebrate on June 9th is what our seniors have learned about learning. We will celebrate their compassion for life, their accountability for the many jobs we have asked them to complete, and we will celebrate the faith guiding their spiritual journey.

The graduation ceremony and the diploma our seniors will receive tells the world that they are ready to go ahead to the next step in their lives. They have passed through an

important part of the learning process. If Marist Catholic High School has been completely successful, the main thing it has taught them is how much more there is to learn. “Learn to live, and live to learn.” This quote by the American writer, Bayard Taylor of the nineteenth century, says something very wise about the importance of the daily succession of learning.

Our Marist graduates are now ready to go out into a bigger world, where there are more people to know, more difficult jobs to do, more experiences to have. Our seniors are now ready to get more out of life.

**Host Family Needed
for
Chinese Student**

by LuAnn Langford

Marist will have a new student this September! Pei Lin Xie will be coming to Eugene to experience life as a member of the student body here, and will need a loving family to host him for the year. A Marist family with at least

one other boy would be perfect! He enjoys playing basketball very much and also sings in the choir. He has been attending a private Christian school in the United States this past year and is eager to continue his studies in Eugene for the coming school year. He is excited to share the culture of China with his new friends at Marist!

Pei Lin Xie will come to the United States with full medical coverage and a monthly allowance from his family. His host family will receive a monthly stipend to assist with expenses. Additionally, the host family will receive support from me as the local International Coordinator of Global Perspectives for Youth. I will organize activities for the families and other students to network and socialize throughout the year.

If you are interested in being a host family to this exceptional young man, or would like to nominate another loving and caring family for hosting, please contact LuAnn Langford, International Coordinator for Global Perspectives for Youth, by phone at 689-2022 or e-mail at luannlangford@comcast.net.

LTD Student Transit Pass Program Ends

The current Student Transit Pass Program (STPP) is allowing students in grades 6-12 to ride LTD free using the Smart Ways to School pink sticker through June 30, 2007. This program, which has been a research project, has completed its work and will not continue after the current school year.

For the coming 2007-08 year, LTD has offered a Group Pass Program that public school districts and private schools can purchase to provide students with LTD passes, similar to the very successful Group Pass Program purchased by many area businesses and organizations. The cost is \$3.68 per student per month for all students

enrolled at participating schools during September 1, 2007 through June 30, 2008. While a good value, the program represents a cost that public school districts and private schools have not previously incurred. Bethel, Eugene 4J, and Springfield school districts have declined to purchase the program, citing the need to fund other educational priorities. Several private schools have indicated their interest in purchasing a Group Pass Program for their students

For this summer, LTD is offering students a three-month pass covering July, August, and September for \$19.95. The summer Youth Pass gives students an unlimited opportunity

to ride through the summer and first month of the new school year

Beginning with the 2007-08 school year, students attending schools that do not provide a Group Pass Program may purchase an LTD Monthly Youth Pass for \$19.00 or \$51.50 for a three-month pass, or buy tokens or pay cash to ride LTD.

LTD and Commuter Solutions appreciated the opportunity to provide students with a free-ride experience as part of the STPP. We will continue to seek low-cost ways to serve youth riders. Meanwhile, LTD and the program partners hope the positive experiences students and parents have enjoyed will encourage them to use LTD as one of their travel options.

The STPP was made possible by replacing the approximately \$600,000 in annual LTD student fare with

research and development funds provided through a partnership involving Oregon Department of Energy, Commuter Solutions' Smart Ways to School Program, LTD, Lane Council of Governments, and Pacific Continental Bank. The project began three years ago serving 5,000 high school students, and expanded during the past two years to its present size serving about 27,000 students.

The project successfully completed its research goal by demonstrating that a free-pass program significantly increases transit use by students, particularly for transportation to and from school. More than 6,000 LTD boardings per school

day were attributed to students in the program. Students, parents, school staff, and community leaders appreciated the value of the program in encouraging students to try LTD and use it more often for their school transportation and other travel.

PALS (Parent and Alumni Service Club) is looking for a Chairperson or Co-Chairs for next year's Calendar Party. The date is Sunday, November 4th. If you are interested, please call Tina Auld at 431-1713.

Campus Ministry Department News

by Terrie Clemens, Campus Ministry Assistant

RETREAT TEAM

Selections for next year's Retreat Team and Christian Leadership Class will be finalized this month. We expect to offer positions to students on Friday, May 25th, after which they will be asked to make a final decision and return an acceptance notification. Selections are based on applications submitted, interviews, recommendations, and the need to create a diverse team comprised of various strengths, skills, and personalities. We thank those who have applied for next year.

For those Sophomores not selected for the Retreat Team, we urge you to reapply next year when there will be more positions available to you. In the meantime, your desire to be involved in these two programs indicates your positive attitude toward Marist. We encourage you to find other ways to be involved in the life of the school. If there are questions, please contact the Campus Ministry Office.

CHRISTIAN SERVICE NEWS

Parents of Seniors:

Congratulations to all Seniors (and their parents) who have completed their service project! A lot of wonderful service is completed because of the generosity of our students to willingly contribute to the well-being of others.

To the parents whose Senior students have not yet completed their requirements for this program, the deadline of April 16th has passed. Your student will now be in mandatory 5th period until they have their final exit conference based on the completion

of their hours of service and review of their written work. Please support them in making sure this graduation requirement is satisfactorily, as well as immediately, completed. Remember, in order for any Senior to graduate from Marist with his/her class in June, they must have met this requirement.

Sophomore and Junior Parents:

Please encourage your students to check the Christian Service bulletin board or see Mr. Hendricks for service opportunities. Summer is a great time to begin service work. Birth-To-Three, Relief Nursery, Riverpark or Eugene Good Samaritan assisted living centers, Special Olympics, St. Vincent de Paul and Sacred Heart and McKenzie-Willamette Hospitals are just a few organizations that need volunteers.

Your students should take advantage of their time off to complete some of the 65 hours of service work required for this program. Make sure your student reports to Mr. Hendricks before school is over for the summer so he/she can have their plan approved.

One Family at a Time

by Jerry Ragan, Marist History Teacher and MVP Moderator

The Marist Volunteer Program (M.V.P.) is happy to sponsor *Project Starfish* during the month of May. Project Starfish gets its name from the story of a man walking along the beach where hundreds of starfish have washed ashore. He is tossing them back into the sea when a young man says that he can't possibly make a difference because there are so many starfish. As he tosses yet another starfish into the water, his reply is the inspiration for the project, "I made a difference to that one".

Solving issues of poverty and homelessness seems an impossible task. However, we can make a difference "One Family at a Time". Thus, during the month of May, a month dedicated to the greatest example of unswerving service, Mary, the Blessed Virgin, we ask you to consider participating in the activities of Project Starfish and also to make a personal donation to assist families in need.

We will partner with St. Vincent de Paul—that organization will select families and use the funds we provide to help them get into shelter and guide them in stabilizing their lives and moving confidently into the future. Together, we can have an impact
